Every effort will be made to not only show the fruit possibilities of this rich and fertile county, but to tual. also show the many other industries which contribute to make the Grand Ronde valley the veritable "Garden Spot of the West." An apportunity will be given the delogates and visitors to see the valley and learn the exnot conditions existing there. A special program has been arranged for the entertainment of the convention, and speakers of note along horticultural lines have commuted to address the meetings. La Grande invites all who are interested in the development of the West to attend the meeting and promises every attention possible. La Grands has ample botel and restaurant accommodations and a whole town full of wholesouled, enthusiastic citizens who are only too auxious to extend the glad hard of friendship.

#### ALL CITIZENS ARE EQUAL.

Many will be interested in noting that many Republicans and Democrats who are also Socialists and Prohibitionists are said to have called on the editor of the Capital Journal.-Salem Statesman.

The Capital Journal cannot understand the above. It can't be that any American newspaper has such an idea that a man of one political party is not as good as another, as good a citizen, and as good a father and husband, as good to pay his debts, as moral and virtuous? If the Statesman has any meaning to the above It ought to be able to make it more clear. Citizenship and civic patriotism are not monopolized by any one party, or the Statesman would have to be judged as being in pretty hard company in its political associations. The Journal expressed pride and satisfaction that eitiscus of all parties called at its office and congratulated the editor on his campaign of education on electing seaators by the direct vote of the people.

The Statesman must make itself clear er than the above before it can impugn our motives or challenge our judgment on the position. It has straddled on both sides of the proposition, and seems to think only one small faction of one party has any right to be considered in thoosing a senstor or managing the government. If that is not what it means, will the Statesman make it

# Life a Burden There are times when life

seems a burden-when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings. This means low vitality-ex-

hausted brain nerves. For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous sys-

tem, and restores lost energy. Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to amounce that I have recovered my health, as far as my advanced age will permit, as i am SI years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldaess; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Remedies I was completely prostrated. I have taken the feestorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me."

After awhile the resolution was adopted and then Mrs. Weed began to and all blds. tell the women how dypsomania could be cored. She said that the Mormons cure drunkenness by making all their men gods when they join the church and a god could not "go on a spree." Other people cure dypsomania with hypnotism and Americans try the gold cure. The only real cure, Mrs. Wood thought, was in making the men believe they are going crazy."

Of Interest to Thin Weak People,

It is perfectly understood by every sick man or woman that if they can get some remedy that will stop the gradual loss of flesh and strength, their recovery is assured. People that are nervous and unsteady, with dizzy spells, weakened memory, and loss of ambition, their blood is thin and watery. It shows in their sallow complexion and tired manner, soon as they commence to gain flesh they look better and sleep better. To gain from 1 to 3 lbs of good solid flesh per week, the blood must be made rich and pure, Dr. Gunn's Blood and Nerve Tonic puts in the body the very pith of what makes pure, rich blood in the most direct way, and cures disease by making strength. This tonic is in tablet form, to be taken right after meals. Sold by all druggists for 75c per box, of 3 boxes for \$2, For women's weakness a better remedy was never made.
